

Dear More to Explore Sponsor,

The Healthy Eating & Active Living (HEAL) action team of the Healthy St. Mary's Partnership is finalizing details for the *2018 More to Explore Program* for St. Mary's County. The *More to Explore Program* encourages all community members to get outside and explore local parks, historic sites and farmer's markets through an annual passport challenge. The *More to Explore* passport guides participants to these locations and offers prizes to those who visit multiple sites. This program works in tandem with the St. Mary's County Library summer reading program, which allows individuals to participate online or with a hard copy of the passport booklet. For more information, please visit: <http://healthystmarys.com/more-to-explore>.

Sponsors are crucial to the ongoing success of this program and provide the means to offer a printed booklet option at no cost to community members. Please see the attached sponsorship information for 2018 and are hoping for your support. There are various levels of sponsorship available and all donations are tax deductible.
