*Our mission is to promote family preservation by offering the best local services and resources available in your community.*

Your Local Care Team is made up of various St. Mary's County professionals working for agencies providing child services. We meet regularly to identify and secure local resources that assist children and families who are struggling with issues surrounding a child's intensive emotional and behavioral needs.

## **Representatives of you Local Care Team include:**

- Maryland Division of Rehabilitative Services
- St. Mary's County Health Department
- Department of Juvenile Services
