2. **More to Explore**
   a. There were some last minute monetary donations which allowed us to stock up on prizes and giveaways for the next few years. We are also going to be able to print some booklets for each of the libraries as well as the one-pagers.

3. **Healthy Meeting Toolkit**
   a. Jacquie provided a draft of the Healthy Meeting Toolkit main document (there will be supplementary resources available online). The team went through and suggested edits to the design, wording, and ordering of the toolkit. Jacquie and Sue will work on making these edits over the next month and bring it back for the June meeting for final review.

4. **Walk St. Mary’s**
   a. The website has been created and currently shows off the official logo for Walk St. Mary’s. The signs for each of the parks have been finalized (3 different designs – 20 signs total). One half of the sign is focused on the R&P community Standards and the other half is Walk St. Mary’s (benefits of walking, walking safety, and get out and walk). There is a QR code on the Walk St. Mary’s portion of the signs which links to the webpage.
   b. Christi provided a draft of the Walk St. Mary’s social media toolkit. The toolkit includes images and suggested posts for each month of the next year. She will send out a digital version of the toolkit once it has officially been approved. She is asking that HEAL members share the monthly post on their social media accounts to help spread the word about the campaign.
   c. The last major project for Walk St. Mary’s is finalizing the booklet. Bill, the graphic designer, is making a front page and template for the booklet. We will send out a draft of the booklet once it is complete for team members to review and bring comments to the team meeting.

5. **HSMP Annual Meeting Scavenger Hunt**
   a. Sue brought a map of the Higher Ed Center which designates a ¼ mile outdoor loop with 6 stations. The team discussed laminating a clue card to place at each of the locations and printing the map on a quarter sized sheet of paper. During breaks in between sessions and
lunch, attendees will visit each of the clue cards and then complete the task listed. Once all 6 tasks are complete, attendees will return their completed scavenger hunt card to the HEAL team table to be entered for prize drawings. At the June meeting, we will solidify the 6 clues. Jacquie will bring a bucket/basket to the Annual Meeting to put completed scavenger hunt cards in.
