Previous discussions narrowed down focus to 3 areas:

Team agrees that health literacy should be team priority.

Idea: Call line for spanish speakers. Or specific people to call for supports.

Idea: Social Media - quizzes, connection to providers

Idea: text message information

Seedco previously - news channel spotlight & newspaper spotlight, radio (Washington Spanish Radio station - has been providing information, we could provide them with info for our area to help push out information - Angela will contact)

Rachel has translated resource guide for spanish-speaking community members.

Piggy-back off of the school's information push?
