

Data Point	Data Source	Year	Data Point	Data Discussion	Strategies Discussion
\$ the county/state put into sidewalks/transportation safety problems (County CIP) both budgeted and spent	County Budget			\$ towards design and construction	
Children's elevated lead levels	Maryland Department of Planning	2017	0.2		# of referrals to this SMCHD program
Air Quality Monitoring (developmental - starting in 2021)	Local				increasing number of no idling zones; education on improving indoor air quality & home triggers
Swimming closures due to pollution?				putting out advisories, not shutting beaches down	
Water quality best management practices that are started					
Critical area 10% rule implementation					
<b>PFAS (Developmental)</b>				Pre-developmental - need to wait to hear what standards are, etc.	
Sites where PFAS are detected	MetCom, RAB, MDE				
Sites where PFAS detected above threshold	RAB, MDE				
Covid wastewater project				There is a group working on this specifically as covid response	
Transportation	local STS usage or ACS data				
Food Equity (Developmental)				(strategy not data point); pop up farmer's markets & cooking classes with the food available at farmers markets; mapping project	
Flooding (# of flood claims)	MDE & FEMA track this			repetitive losses, people who have flood insurance?,	
Mold in homes					
Underground storage tank problems?	MDE				
<b>Connections to sewer</b>	MetCom	As of 02/03/2021	15,464 (residential & commercial)	**	Bay Resoration Fund promotion
% of homes with sidewalks attached to property				mapping project, not data point (could be a strategy not a data tracking)	
Households considered to have severe housing problems	US Census Bureau	2013-2018	28.20%	** what strategies can be implemented	block grants for improvmenets/renovations
Food Insecurity	Feeding America Map the Meal Gap	2018	10.30%	**	cold storage for overflow food
Radiation Monitoring	(Developmental)				strategy: old homes mandated to have radon testing done prior to being sold. (Jacquie will look into this); state offering free testing, but not funding for abatement
Broadband Access
