

Did You Receive Tax Credits in 2023 for Your Health Insurance through Maryland Health Connection?

If you had a qualified health plan (QHP), paid a monthly premium each month, and received tax credits toward your insurance, you must file your federal income tax return by April 15, 2024 in order to prevent any disruption of your tax credits in the future.

Your tax return must include:

- ✓ IRS Form 8962-Premium Tax Credit
- ✓ Form 1095 A-Provided by Maryland Health Connection

if you have questions about the Form 1095A or wish to receive a duplicate

- Visit a Navigator in-person
 - Call Maryland Health Connection at 855-642-8572
 - Call the Seedco hot line for information
- ✦ If you received Medical Assistance in 2023, you do not need to take action.
- ✦ Only people who receive a 1095 A and received tax credits need to take action.

For information and in-person assistance, call Seedco: 866-492-6057
