David D. Rudolph, Chair; Mark Luckner, Executive Director, CHRC

**St. Mary’s County Schools Served through Consortium Grants**  
**2025-2026 School Year**

The Maryland Consortium on Coordinated Community Supports was created by the Maryland General Assembly as part of the Blueprint for Maryland’s Future in order to expand access to comprehensive behavioral health services for Maryland students, pre-K through grade 12. Through the Consortium program, over \$97 million was awarded statewide for the 2025-2026 school year. Four Consortium grants serve St. Mary’s County, and they are projected to serve over 790 students during the 2025-2026 school year. Below is a short description of each of the four programs. A list of schools served is attached.

**Cornerstone of Southern Maryland.** This grantee offers small group interventions, adventure-based activities, and intensive interventions. They also offer community awareness activities and prevention-focused education materials.

**Maryland Coalition of Families.** This grantee provides family peer support to parents and caregivers who have a child with a behavioral health challenge including emotional support, resource connection, systems navigation, support groups, and educational workshops from specialists who have lived experience caring for their own child. Family Check Up and Botvin LifeSkills Parent Program are also offered.

**Sante Group.** This grantee offers a Mobile Response and Stabilization Services (MRSS) program, which provides an immediate response to meet the self-defined needs of youth and their caregivers; de-escalate a crisis early to prevent restrictive and costly interventions from becoming necessary and connect families with important services and supports.

**St. Mary's County Health Department.** This grantee offers in-person and telehealth consultations for diagnosis, treatment, ongoing care, care coordination, and medication management, as well as individual, family and group therapy delivered through School-Based Health Centers (SBHCs) and a Youth Mentoring Program which connects students ages 5-17 to local mentoring organizations.
